

Hayward's New **Universal Display** provides intuitive control across **Omni®**, **OmniX®** and competitive automation systems.

Designed with usability and flexibility in mind, the new universal display offers an improved user experience with advanced functionality.

The new **Universal Display** is now included with all industry leading Hayward gas heaters and variable speed pump and can be used with or without OmniX® or remote control connections. In heaters that have the Universal Display you can create, modify and start preset modes for pool temperature and manage schedules. You can also view errors and heater status. In variable speed pumps you can change the pump speed, view status and start and stop the pump.

The OmniX® app allows you to control your pump and heater from the convenience of just a mobile device.

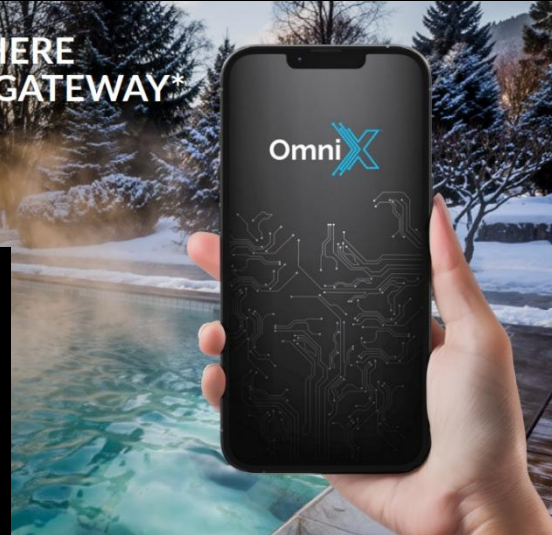

HAYWARD® UNIVERSAL DISPLAY

CONTROL FROM ANYWHERE WITH OMNI X APP AND GATEWAY*

- » Complete control from your smart device
- » Configure your equipment quickly and intuitively
- » Integrated user management tools for homeowners and pool professionals.

*Gateway sold separately

A CONNECTED BACKYARD STARTS HERE

HOW IT WORKS

With the addition of a Hayward **OmniX Gateway** (W3GATEWAYX1) to your home's network, OmniX equipment can be configured and controlled beyond Bluetooth® wireless technology range and away from home.

Universal Display on Variable Speed Pumps

The Gateway will act as a bridge between your mobile device and all Hayward internet-enabled equipment within your home network.

Universal Display on Gas Heaters

Hayward Spa Blower

– Turbo Charge your Spa Experience

The **Hayward Spa Blower** delivers quiet performance and powerful, soothing bubbles that instantly enhance any spa experience.

A unique motor with replaceable parts extends product life, while a 1-year warranty offers added peace of mind. Available in multiple voltages and horsepower ratings.

The full spring check valve prevents water from reaching the motor and a unique rubber motor base provides extremely quiet operation.

With simple installation and maintenance, our Spa Blower will provide maximum relaxation every season along with signature Hayward Jet fittings and heating solutions for a **Totally Hayward Spa Experience**.

Now shipping to distributors directly from Hayward Wuxi.

PARALEVEL™ AUTOMATIC WATER LEVELER

An innovative water leveler that continually works to ensure that your pool or spa is at its ideal level with the level being monitored and adjusted automatically.

Paralevel's "posi-click" adjustment makes it easy to make a manual adjustment.

Paralevel offers "SmartSensing", which means it will ignore water sloshing in the pool as it only senses the pools true level.

"SmartSensing" also protects **Paralevel** so it will not cycle on and off rapidly, like other levelers. This limits the potential for premature failure and eliminates loud water hammer that could damage plumbing.

Inner Float Assembly

TigerShark®

- Robotic Pool Cleaner

The **Hayward TigerShark®** is renowned for its solidity and efficiency. It cleans the bottom, walls and waterline.

With its ASCL microprocessor (Adaptive Seek Control Logic), it calculates the shape and size of your pool to clean every spot efficiently.

The Hayward TigerShark® is fully automatic, with no need for an exterior bag or pipe.

Available in the Quick Clean (QC) version for full cleaning in under 2 hours and with an optional foam-brush for pools with tile finish.

The **TigerShark2** with a 100ft cable and longer cleaning cycle is available for commercial pools and large pools.

The optional caddy cart makes handling easier.

Selected models shipping to distributors directly from Hayward Wuxi.
