

# SmartPower® Transformer

Take Power To The Next Level

# AN UPGRADE WITH POWER BEHIND IT

Add personality to your pool with four zones of lighting, controlled by one transformer. Need to show off for the big game? Alternate your favorite team's colors between the pool, spa or water features to let the neighborhood know who you're rooting for. Looking to extend a patriotic backyard barbecue into the evening? Let the red, white and blue shine for an unforgettable experience. No high voltage relays or additional transformers required.

- » Easily alternate the colors for up to four zones of lighting from one transformer
- » Supports up to 75W per zone
- » Only controllable with Omni® automation systems
- » OmniDirect Mode™ compatible for additional lighting shows and colors, dimming control and more
- » Controlled using RS485, no high-voltage relay is required
- » UL Listed

- New Features:**
- » Integrated Isolation
  - » Replaceable Fusing per Zone
  - » Enlarged wiring compartment

## UNLOCK EVEN MORE FEATURES WITH HAYWARD OMNI®

With the addition of OmniDirect Mode, SmartPower is optimized for use with Omni automation systems, providing more control than ever. Features of OmniDirect Mode include:

- » Instant navigation to colors or light shows (no more cycling through every option)
- » Dimming capabilities (20% increments)
- » Speed adjustment for light shows
- » Access to 10 additional colors for increased customization opportunities (special occasions, sports teams, school colors and more)

### SMARTPOWER TRANSFORMER

PART NUMBER	DESCRIPTION
LTSUY11300	300W Wall Mount Transformer with 4 Relays*

\*Transformer is for use with Hayward Omni Automation Only

### SETUP

SmartPower will connect to the same 4-pin, 3-wire low speed communication bus as other Hayward Smart devices.
