Interface de commande qui peut être installée au mur ou placée

Permanent magnet, totally enclosed fan-cooled motor offers more efficient operation and long-lasting reliability

Moteur fermé autoventilé à aimant permanent offer une efficacité énergétique fiable

INDUSTRY-LEADING ENERGY EFFICIENCY

TriStar VS 950 is the most energy-efficient residential pool pump on the market, according to EPA ENERGY STAR® third-party testing data.

La pompe TriStar VS 950 est la pompe pour piscine résidentielle la plus écoénergétique sur le marché selon les données de tests EPA ENERGY STAR® effectués par des tiers.

DESIGNED FOR DURABILITY

Built with a chemical-resistant Viton® seal and accompanied by a 3-year extended warranty,

Construite avec un joint d'étanchéité en Viton résistant aux produits chimiques et une garantie prolongée de 3 ans.

SEAMLESS RETROFITTING

With dual-voltage capabilities, two pump base options and 2" x 2½" CPVC union connections, TriStar VS 950 is easy to install in both new and existing pool pads and doesn't require costly rewiring.

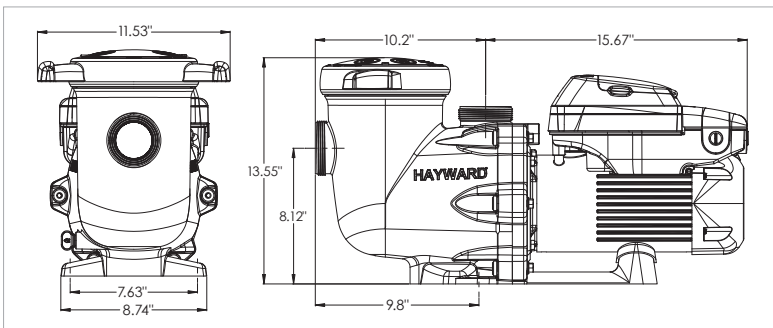

Avec un moteur bitension mis à niveau, deux options de base pour la pompe et des raccords union de 2 po x 2½ po en CPVC, la pompe TriStar VS 950 s'installe facilement sur une piscine neuve ou une piscine déjà en place.
