

EFFICIENCY MADE EASY.

Efficient hydraulics with outstanding value.

HCP 2500 is the industry's most energy-efficient variable-speed pump, delivering up to 90% savings to pool operators. With up to eight custom speed and timer functions, it's fully compliant with energy efficiency regulations such as Title 20 and APSP-15. These pumps feature a larger integrated universal display, a password protected interface, and wireless connectivity to smart devices. With its simple and intuitive operation, comprehensive control is delivered with enhanced programming and advanced diagnostics.

SUPERIOR PERFORMANCE

HCP 2500 includes a 2.7HP motor and advanced hydraulics, plus a totally enclosed fan-cooled motor for added efficiency and reliability, offering superior performance for any commercial pool.

MOBILE APP CONTROL

Remote access for total control to program and diagnose issues.

SIMPLE AND INTUITIVE OPERATION

One consistent user interface and experience across all products with the built-in universal display.

EASY INSTALLATION AND SERVICING

With 2" x 2 1/2" union connections and interchangeable pump base options, installing or retrofitting HCP 2500 pumps is fast and simple in any application.

KEY FEATURES

- » **Side and rear conduit entry** accommodate both high and low voltage connections for simple installation
- » **Fully programmable digital interface** features a 24-hour clock, 8 custom speed and timer functions
- » **Total Control** - Advanced UI delivers simple and intuitive programming, along with the flexibility of Omni or OmniX automation
- » **Large, no-rib strainer basket** extends time between cleanings and ensures easy debris removal
- » **Keypad Pump Lockout** - Secure your pump with a custom 4-digit code, preventing unauthorized adjustments
- » **Permanent magnet, totally enclosed fan-cooled motor** provides maximum efficiency and reliability
- » **Wall-mountable touchpad** control can be rotated in four directions
- » **2" x 2½" union connections** simplify installation and servicing
- » **Interchangeable pump bases** allow for easy retrofit installations

OmniX Gateway sold separately, mobile phone not included.
