

ELEVATE THEIR EXPERIENCE BY UPGRADING PROLOGIC CUSTOMERS TO OMNI

KEY POINTS

- » The ProLogic accessories and remote controls will be discontinued.
- » **SKU list 1**, immediate discontinue
- » **SKU list 2**, available while supplies last, or until Sept 1 2026
- » Hayward will retain inventory for covering warranty claims.
- » The AquaConnect® app remains an alternative method for customers to control their ProLogic system. Hayward will periodically review the viability of maintaining this app going forward. All AquaConnect users are encouraged to upgrade their pool system to Omni for the best user experience and most comprehensive long-term support.

MANAGING LEGACY PROLOGIC SYSTEMS

The OmniPL Retrofit Kit is available to quickly and simply update any ProLogic pool system, and includes a wired touchscreen controller.

After upgrading to Omni, the pool system will be compatible with the full suite of Omni wired and wireless controllers, and can also be controlled remotely with the Omni Logic app.

Owners who upgrade will also gain features and functions not available on ProLogic, including integration with Amazon Alexa and more lighting color and show choices of ColorLogic lights with OmniDirect Mode.
