SUPERIOR AOP 3-IN-1 PERFORMANCE

EXPERT LINE®

ONLY FROM POOL PROS

3+ YEAR PARTS & LABOR WARRANTIES*

*When sold by a Totally Hayward® Partner. Exclusions, other terms and conditions may apply—visit hayward.com for details.

INDUSTRY-BEST WATER QUALITY WITH INDUSTRY-LOWEST HEAD LOSS.

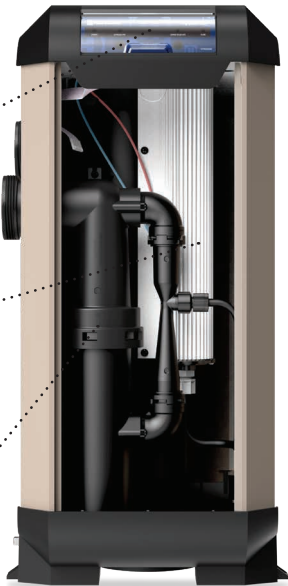

HydraPure's advanced oxidation process combines the germ-killing properties of UV with the shock power of ozone to form hydroxyl radicals that mitigate many chlorine-resistant microorganisms. Engineered for lowest-in-class head loss, HydraPure works with your chlorination system, while creating incredibly clean, crystal clear pool water.

Rotatable top panel

provides easy access to controls no matter where system is installed

Ozone oxidizes organic compounds and prevents chlorine byproducts from forming

Advanced performance capability operates at both very low and very high flow rates, offering lower head loss at all flow rates than other leading brands

UV combines with ozone to create **hydroxyl radicals** that mitigate many chlorine-resistant microorganisms

Durable design is easy to winterize and strong enough to withstand any weather conditions

INCOMPARABLE WATER QUALITY

HydraPure not only targets contaminants—it reduces irritating chloramines for gentler water, too.

LESS CHLORINE MAINTENANCE

UV and ozone protection reduces the amount of traditional or salt chlorine required for effective contaminant removal.

FITS IN EASILY—ANYWHERE

With a new enclosure that's 1/3 smaller than the legacy unit, HydraPure's all-in-one design is easy to install, even in tight spaces.

HYDRAPURE® SYSTEMS

PART NUMBER	DESCRIPTION	LIMITED WARRANTY
HYDRAPURE	HydraPure UV, Ozone & AOP System. Field Wireable	3 years*
HYDRACORDKIT	Cord Adapter Kit, 115V	3 years*

WHY CHOOSE ADVANCED OXIDATION

	Chemical Residual	Disinfection	Oxidation	Reduces Chloramines
