EFFORTLESS CLEANING FOR ALL POOL FINISHES

The SP1070 Series in-ground pool skimmers set the standard for reliability, ease of installation and long-term performance. This line of upgraded skimmers feature PVC slip connections to enable traditional solvent welding and to eliminate the need for transition cement. The body of each skimmer continues to be constructed out of durable ABS to preserve the proven reliability that pool pros trust. With a modern, updated design, improved skimmer basket and water-bonding options, this line of skimmers deliver greater flexibility and compliance for a wide range of applications.

- » **Multiple throat options: Wide, Narrow, Deep or 7-Degree for the best fit**
- » **Larger debris basket for fewer cleanouts and improved debris capture**
- » **Improved collar adjustment**
- » **High-flow 2" x 2.5" PVC ports support up to 75 GPM**
- » **Built for concrete, fiberglass and vinyl applications**
- » **Compatible with the SP1070 Bonding Kit accessory**
- » **Available in white and dark gray**
