THE SMARTEST WAY TO A BRILLIANT CLEAN.

The VL 40 above ground sand filter offers the performance and reliability expected from the world’s leading provider of above ground equipment. The VL 40 above ground sand filter is easy to assemble with an integrated pump base, an incredibly quiet pump and proven sand filter technology for trouble-free operation.

VL 40 series is **designed for**
pools up to 10,000 gallons

13” filter and 30 GPM pump
Pumps and filters are performance
matched to provide maximum flow
and energy efficiency.

Clear strainer cover
lets you see when the basket
needs cleaning

4-position top-mount valve
with two-piece flange clamp
fastener creates powerful
flow at low pressure

1¼” and 1½” hose adapters
make installation anywhere
quick and precise

Durable filter bases for
long-lasting, all-weather
performance

SPECIFICATIONS

MODEL NUMBER	VL40T32
Filter Type	No. 20 silica sand (.45 mm – .55 mm)
Filter Tank with Integrated Pump Base	Molded polymeric
Underdrain	Unitized underdrain assembly
Control Valve	4-position, top-mount valve with lever-action handle
Valve Fastening	Flange clamp design
Pump and Motor	30 GPM pump – 115 volts
Mounting Base	Integrated pump base
