

The image shows a Hayward R110 robotic pool cleaner, a white and blue tracked device used for cleaning pools. It has a blue power cord attached to the top. The device is shown from a three-quarter perspective, highlighting its tracked wheels and the brand name 'HAYWARD R110' on the side. Dimension lines indicate its height, width, and length, while text to the right specifies its cord length and weight.

Cord Length:
50 ft.

Weight:
14.3 lbs

H:
17.2"

W: x10.4"

L: x15.8"
